

# LOW LIGHT NIGHT VISION GOOGLES

It can be used in low-light environments to detect potential threats and conduct reconnaissance. With advanced optical technology, these goggles allow users to see clearly in the dark. Suitable for military, law enforcement, and outdoor activities such as hunting and search and rescue.

## Technical Specs :

1. IIT: Gen2+
2. Resolution: 47-55 lp/mm
3. Cathode type: S25
4. SNR: 18-20
5. Sensitivity: 600-800
6. MTBF: 10,000hrs
7. Magnification: 1x/3x
8. FOV: 40°
9. Duration: 80hrs(IR OFF)40hrs(IR ON) : 280m
10. Diopter: +5/-5
11. Lens System: F1.2, 26.5mm
12. Focal Length: 0.25m--∞
13. Demension: 160\*160\*75mm
14. Weight: 500g (without battery)
15. Voltage Input: 3-3.7V
16. Battery Type: 2Pc AA Batteries
17. IP Rating: IP65
